

FOR IMMEDIATE RELEASE:

## VIRIDIAN GREEN LASER SIGHTS ANNOUNCES OLIVE DRAB WALTHER P22 LASER SIGHT

Minneapolis, MN—5/4/09 Viridian Green Laser Sight is pleased to announce the launch of the Olive Drab WP22 which is the first ever color-matched rail mounted accessory for a hand gun. The WP22OD possess all the same great features as the popular WP22, but is color-matched specifically for Walther P22's with the olive drab finish. Building on their innovative designs, Viridian was able to fill a gap in the laser sight market for two-tone Walther P22 owners, providing the ultimate in form, fit, and function.

“Not everyone has a black Walther P22,” said Brian Hedeem, President and CEO of Viridian Green Laser Sight. “Our Olive Drab WP22 will allow customers to uniquely modify their OD Walther P22 to make it not only visually appealing but also increase performance of the firearm by employing the use of a highly visible and cutting edge green laser.”

Viridian also has holster solutions to fit any Viridian-equipped Walther P22. These include a Kydex paddle holster made by Blade-Tech as well as a nylon hip holster made by BLACKHAWK. Kydex and nylon holsters are available for Viridian-equipped large frame hand guns as well.

A full product listing can be found at: [www.ViridianGreenLaser.com](http://www.ViridianGreenLaser.com). For a list of dealers and distributors who are currently stocking the Olive Drab WP22 Laser Sight, please call 800-990-9390.

### ABOUT VIRIDIAN GREEN LASER SIGHTS

Viridian Green Laser Sight is the nation's fastest growing laser sight manufacturer. Headquartered in Minneapolis, Minnesota, Viridian Green Laser Sight is devoted to utilizing cutting edge laser technology to offer compact, powerful, green lasers, for military, law enforcement, and civilian usage. While not the original developer of green laser technology, Viridian Green Laser Sight was the first company to offer a compact green laser sight for use on pistols. Viridian Green Laser Sight, and its patent pending technology, make them the world's leading green laser sight manufacturer. The company prides itself on offering the brightest and highest quality laser sights available. Viridian Green Laser Sight are designed and built in the USA.
